

WAICO GROUP ANNOUNCES THE ACQUISITION OF LOGIUDICE + MECATECK

A strategic move to strengthen its position in the bakery, pizza and pastry equipment sector.

Isola Vicentina, 15.05.2026

Waico Group announces the acquisition of **Logiudice + Mecateck**, brands specialized in the production of professional ovens for bakery, pizza and pastry applications. The transaction is part of the Group's growth strategy, which already includes brands such as **Starmix, Vitella, Italforni, Flamic** and **Euffedue**, further expanding its industrial and technological ecosystem.

The integration of the two brands will enable the **enhancement of complementary skills and know-how, generating industrial and commercial synergies** and accelerating development in international markets.

"The acquisition of Logiudice + Mecateck represents a strategic milestone for our Group," comments **Cristian Pivato, CEO of Waico Group**. "This transaction strengthens our structure and expands our range of solutions, reinforcing **our position among the industry's leading players**. We look to the future with a clear vision: **to build an increasingly solid and internationally recognized Group**, capable of seizing the opportunities of a rapidly evolving industry."

With this acquisition, Waico Group continues its growth path, strengthening its global presence and laying the foundations for **structured and sustainable development**.

WAICO GROUP

Waico is an industrial group active in the production of professional machinery and ovens for the bakery, pizza and pastry sectors. Through a portfolio of specialized brands (Starmix, Vitella, Italforni, Flamic and Euffedue), the Group offers a comprehensive range of solutions combining technological innovation, performance and reliability.

LOGIUDICE + MECATECK

Logiudice and Mecateck are well-established brands in the professional oven segment, recognized for their expertise in baking technologies and their focus on product quality and performance. Their solutions are used by leading professionals in the bakery and pastry sectors, contributing to consistently high production standards.
